of this issue from Kyle
Wyatt's files.

Issue No. 33, Fall 1994

8 Pages

Basalt, a water stop on the norther side of Montgomery Pass is covered. Six photos taken by trainmaster Thomas Williamson about 1917 help tell the story of this location on the high desert.

Issue No. 34, Summer 1995

8 Pages

Part one of Bill Barbour's series on the South Pacific Coast cabooses begins with an overview of cabooses and their kind on California and Nevada narrow gauges. Six photos.

Issue No. 35, Spring 1996

8 Pages

Part two of Bill Barbour's SPC caboose series. He beings the actual account of the SPC cars. One of these cars made its way to Mina and the SPng. Three photos and an SP record card.

Issue No. 36, Winter 1997

8 Pages

Bob Bader recounts the story of Belleville and the C&C. Belleville was the mill town below Candelaria. Two maps and three photos.

Issue No. 37, Summer 1997

8 Pages

Part three of Bill Barbour's SPC caboose series tells the story of the "gang of four" — four car combine-like cars. Two of these cars operated on the SP narrow gauge. One was caboose #1, later #400. Five photos and a scale plan.

Issue No. 38

8 Pages

Twelve photos from Don Duke's camera or collection are shared in this issue. Most are from the late 1940s and show steam in action in the Owens Valley.

Issue No. 39

8 Pages

This is part four of Bill Barbour's series on the South Pacific Coast Ry cabooses. The story of SPC #63 which became SP #367 is told. Three photos, record card copy and scale plans are included along with an all-time SPC caboose roster.

Issue No. 40

8 Pages

Photos from the camera of Donald Duke of taken in the early 1950s make up most of this issue. Also a map showing the trackage at Belleville is included as a follow up to issue #36.

Issue No. 41

12 Pages

Issue No. 42, Spring 2002

8 Pages

Dale Darney tells the story of early oil tank cars on the C&C and the SP narrow gauge. He quotes from many period newspapers and letters to tell the story of these cars.

A reprinting of a classic, glowing early 1883 report on the C&C. Also modeling the SPng article and notes from the 1917 ICC valuation report.

Issue No. 43, Summer 2002

8 Pages

Issue No. 44, Fall 2002

8 Pages

Here is the first part of the series about the passenger cars of the C&C/SPng. In this issue the history of the Barney & Smith cars 1-6 is told.

SP locomotive 14 rolled over in June of 1915 resulting in fatal injuries to two crew members. The account of this is taken from an ICC report and local newspapers. Four photos help tell the story.

Issue No. 45, Winter-Spring 2003

12 Pages

Issue No. 46, Summer 2004

12 Pages

Here is the second part of the series about the passenger cars of the C&C/SPng. In this issue the history of three V&T shop built cars — caboose cars 1 and 2 and combine 7. This is a 12-page issue that includes 11 photos.

Postal service on the C&C and the SPng is covered in this 12-page issue. Center-spread is plans of bag-RPO cars 3,4,6 and 12. Roster of RPO cars. More on the wreck of #14. Also photos of models of SP cabooses 400 and 401 made by Mal Farrell.

Issue No. 47, Summer 2005

8 Pages

Issue No. 48 Summer 2007

8 Pages

Kearsarge Station was the stop for Independence, California. The issue includes six photos, a description from an 1883 newspaper of the new facilities there. Also an account of the Sierra Club coming through in 1913 for a trip over the Sierras.

Candelaria was the first major mineral camp reached by the C&C. The local newspaper described the new facilities and the arrival of the first passenger train on February 28, 1882. Also two maps and two photos are included.

Issue No. 49, Winter 2008

8 Pages

Former editor Bob Bader tells the story of Southern Pacific's narrow gauge operation in Southern California. This was a 3' gauge line between San Bernardino and Redlands. It started with steam dummies and ended up with a former S.P.C. 4-4-0. Includes map and eight photos.

Issue No. 50, Summer 2008

8 Pages

A photo album of Mina, Nevada, the long-time north end of Southern Pacific's narrow-gauge operation and junction with the Tonopah & Goldfield. Included is a brief history of the community. Includes 10 photos and a census population table.

Issue No. 51, Fall 2008

8 Pages

Part two of the San Bernardino and Redlands Railroad provides rosters of locomotives and passenger cars. Also copies of SP car floor plans and station list. Includes nine photos and two car floor plans.

Issue No. 52, Winter 2009

12 Pages

SP Here is the third part of the series about the passenger cars of the C&C/SPng. In this issue the history of Business Car #10 – the Esmeralda – is told. A 12-page issue includes 12 photos and SP floor plan of the car.

Issue No. 53, Spring 2009

8 Pages

The editor of the weekly newspaper in Candelaria provides an 1882 account of the construction of the railroad toward the south from the junction. Also the origin of the name of Mina, Nevada. Two maps and two photos.

Issue No. 54, Summer 2009

8 Pages

Part 1 of a series on the origins of the place names along the C&C/SPng; this part starts at Mound House and concludes with Mina. Three station lists are reproduced. Also more from the 1917 ICC valuation report.

Issue No. 55, Fall 2009 & Winter 2010

16 Pages

A special double issue devoted to preserving the narrow gauge. The stories of a number of public and private preservation are told in this 16-page issue, many photos with color on the cover and the center spread.

Issue No. 56, Spring 2010

8 Pages

Issue No. 57, Summer 2010

8 Pages

Part 3 of the series on the origins of the place names; this covers Benton to Owenyo. History and model photos of wheel (flat) car MW 1-A. Report on #18 restoration project. Eight pages with 6 images.

Issue No. 58, Fall 2010

8 Pages

A Story of Collis P. Huntington's trip over the C&C in 1900. Also "Modeler's Workbench" and reports on the restoration of box car #73 and 4-6-0 #18 at Independence. Eight pages with 4 photos.

Issue No. 59, Winter 2011

8 Pages

Photos and information about Hawthorne, Nev. Building a large scale model of SP tank car #350. Also photos of caboose 401 and a report from Independence. Eight pages with 12 images.

Issue No. 60, Spring 2011

12 Pages

Passenger cars on the C&C during the Tonopah boom. Also a Report from Independence and remembering Jim Saylor. Twelve pages with 10 photos (three in color on back cover) and three SP car floor plans.

Issue No. 61, Summer 2011

8 Pages

Preservation and restoration projects in the Owens Valley: box car #73, 4-6-0 #18, box car #64 going to Dayton, Nevada, and a report from Laws. Eight pages with 10 photos (two in color on front and back covers).

Issue No. 62, Fall 2011

8 Pages

More information, with photos and floor plans, about Business Car #10 – the Esmeralda. Also an interesting photo of caboose #401. Eight pages with four photos and two SP car floor plans.

Issue No. 63, Winter 2012

12 Pages

In this issue contains a series of panoramic views taken of Hawthorne by Edward B. Yerington in 1889. Also an unusual spike found along the old C&C. Twelve pages with 15 photos.

Issue No. 64, Spring 2012

12 Pages

Story of Lake Tahoe Ry box car #4 (later SPng #130) now preserved at Nevada County RR Museum. Search for surviving box cars story with list of cars. Twelve pages with seven photos (front cover in color), two other illustrations, and box car plan.

Issue No. 65, Summer 2012

12 Pages

Coverage of the 2012 Society Conference at Ardenwood. Sams coupler pin found and story about Sams Automatic Couplers. SP ng record book preserved. Twelve pages with 16 photos (11 in color) and two illustrations.

Issue No. 66, Fall 2012

8 Pages

Bob Bader begins a three-part series about, Nevada, and its affect on the Carson & Colorado; part one is about the find and early (prerailroad) development of the mines. Also a photo of Mina. Eight pages with three photos and one map.

Issue No. 67, Winter 2013

16 Pages

Bob Bader tells the story of the narrow-gauge Tonopah R.R. Includes locomotive roster, n-g sleeping cars in the Great Basin. Also photo and structure list of Queen station. Sixteen pages with two color maps, 12 images.

Issue No. 68, Spring 2013

16 Pages

Photos from the collection of Bernie Allen. Lantern found on eBay donated to Laws. Report on the 2013 conference at Tonopah. Structures at Keeler. Sixteen pages with 20 photos (two in color on back cover).

Issue No. 69, Summer 2013

12 Pages

Part 4 of the series on the origins of the place names; this covers Owenyo to Keeler. Box car search continues. Report on Sierra NG Convention. Twelve pages with thirteen illustrations (includes seven color photos).

Issue No. 70, Fall 2013

12 Pages

Inyo Development Co. & its locomotive #1. Map and photos of Mina. Passenger record cards for SP ng cars given to Society. Twelve pages, eight B&W photos, map and color illustration.

Issue No. 71, Winter 2014

12 Pages

Box cars modified to carry soda ash from Natural Soda Products at Keeler, by Herman Darr. Includes rosters of these box cars with dates and renumbering information. Twelve pages with nine photos. Also box car plan by Herman Darr.

Issue No. 72, Spring 2014

12 Pages

Report on the 2014 conference at Lone Pine and the southern Owens Valley. Twelve pages with 18 photos (16 in color and two historic views in B&W), two other illustrations, and box car plan.

Issue No. 73, Summer 2014

12 Pages

“The Desert Railway Post Office” by Rod Crossely. SP floor plan and record card of Baggage-RPO car #4. Photos of Hawthorne and Keeler. Twelve pages with four photos and many images of post marks and postal covers.

Issue No. 74, Fall 2012

12 Pages

About the cabooses on the SP narrow gauge after WWI to the end of the line in 1960. Also a historic photo of C&C engine #3. Twelve pages with 15 historic black & white photos

Issue No. 75, Winter 2015

12 Pages

Passenger cars of the C&C/SP continues with the first part of Cars of the N&C. Start of occasional series on people who worked on the railroad. Twelve pages with eight photos, two SP car floor plans and reproduction of two record cards.

Issue No. 76, Spring 2015

12 Pages

Photos of Laws and elsewhere. Second installment on people of the railroad. Twelve pages with 12 historic photos, map of facilities at Laws. Two color photos of 2-6-0 “Glenbrook” that hauled ties for the C&C.

Issue No. 77, Summer 2015

8 Pages

Photos and track plan of an HOn3 layout of the SP's Owens Valley operation under construction by our member Lynn St. Laurent. Lyn has professionally designed and built model layouts. Eight pages with track plan, nine color photos and one historic B&W photo.

Issue No. 78, Fall 2015

12 Pages

Report of the 2015 annual conference of the Society at Hawthorne, Nev., and the field trip to the sites of Belleville and Candelaria. Several then and now photos. Twelve pages with ten color photos and four B&W, and a H. Darr plan of C&C section car house.

Issue No. 79, Winter 2016

12 Pages

Selection of photographs taken by John Cummings at Owenyo and Keeler in 1952. Twelve pages with 15 John Cummings B&W photos and one historic B&W view.

Issue No. 80, Spring 2016

12 Pages

Passenger cars of the C&C/SP continues with the second part of Cars of the N&C. Installment in the series on people associated with the railroad. Twelve pages with nine photos, one SP car floor plans and reproduction of two record cards.

Issue No. 81, Summer 2016

12 Pages

Part one of the story of the Champion Mine, a shipper on the narrow gauge located in the White Mountains above the Hammill Valley. Twelve pages with 13 B&W and two color photos. Also a colored post card from Tonopah in the narrow gauge era.

Issue No. 82, Fall 2016

12 Pages

Part two of the story of the Champion Mine which provided material for the ceramic part of automotive spark plugs. Also a write-up about the restoration of SP #18 and some historic photos. Twelve pages with nine color illustrations and 15 B&W photos.

Issue No. 83, Fall 2017

12 Pages

Coverage of the 2017 conference held in Carson City with visits to the Comstock. A review of a Shapeways model kit of the SPC caboose combines one of which became SP caboose 400. Twelve pages with eight color and seven B&W photos.

Issue No. 84, Winter 2018

12 Pages

Part one of modeling the SP narrow gauge with HOn3 boxcar kits. Includes list of kit and parts suppliers mentioned in the issue. Twelve pages with four color photos and four B&W photos, and a H. Darr plan of an S.P.C. box car.

Issue No. 85, Spring 2018

12 Pages

We review of the passenger service and cars during the 'teens and 20's. Then tell of the 1931 conversion of two coaches into combines. Steven Drew provides a biography of H.M. Yerington. Twelve pages with six B&W photos and color reproduction of two record cards.

Issue No. 86, Summer 2018

12 Pages

Part one of the story of the San Joaquin & Sierra Nevada, a Southern Pacific narrow gauge that provided equipment to the overwhelmed C&C during the Tonopah boom. Also part two of models kits: flatcar and gondola kits. Twelve pages, one color and six B&W photos.

Issue No. 87, Autumn 2018

12 Pages

Continuing the story of the SJ&SN with a locomotive roster and the story of coach Ettie which still survives. Part three of HOn3 model kits: stock cars. Twelve pages, with a Herman Darr stock car plan, three color photos and six B&W photos.

Issue No. 88, Winter 2018-2019

12 Pages

The story of the narrow gauge leaving Mina in 1938. Review with color illustrations of the C&C cabooses and business cars. Part four of modeling the ng: C&C caboose #2. Also vintage photos. Twelve pages with seven B&W photos and five color illustrations.
